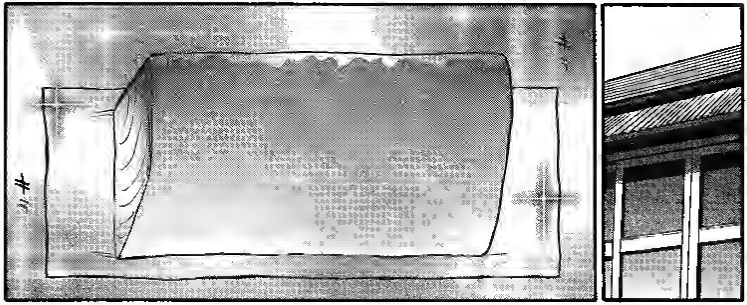
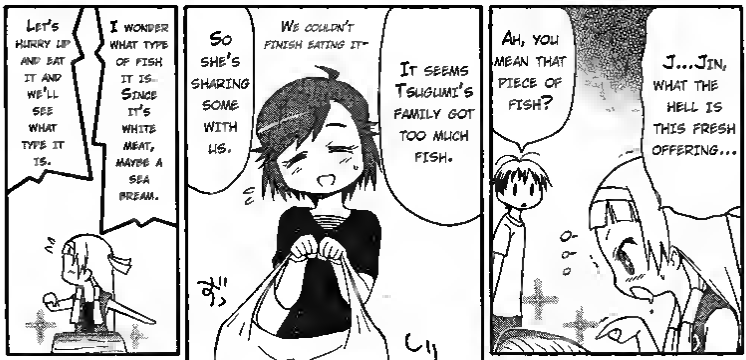
Shinichi Yuuki-sensei has come back with an spin-off manga to Kannagi!!

SFX: Shine.



◆ Nagi's mysterious encounter with a piece of fish.



Let's hurry up and eat it and we'll see what type it is.
I wonder what type of fish it is. Since it's white meat, maybe a sea bream.
So she's sharing some with us.
We couldn't finish eating it.
It seems Tsugumi's family got too much fish.
Ah, you mean that piece of fish?
J...Jin, what the hell is this fresh offering...
SFX: Shake.

I do not allow any impurities.

When you left, I wondered where you were going.

I think it's not bad personally.
Lately, it's becoming popular again for people to change themselves into SD (Super Deformed).

Ah, Hageshima--sensei!?
I really hate you students.
My name's Hagashima*.

*Hageshima is a pun on his name using the word "hage" which means "bald" instead of "haga."

If you don't stop slandering me,
though you're one of our students, I'll sue you!!
Well, what business do you have with me, bald octopus.
I'm human to begin with!!
H- ha ha. How strange.
The octopus has disguised itself as a human.

I really hate you students
Moreover, all anyone talks about is my head.

SFX: Surprise.
Today is the day I'll expose your true self!!
I thought you were suspicious before, but it's lacks common sense for someone to become small.

This man said he wanted to see my true figure.
However, my precious place is protected with a small purification wand.
This is the so called, "Small Purification Wand De Mode."
I didn't mean it. I didn't mean it.

SFX: Pulling.

Um... alright. If those are the conditions.
I don't mind but.

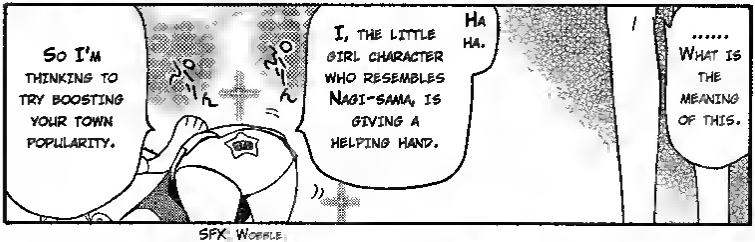
What's this. What's this.
These people are making a ruckus wearing strange outfits.
Ah- That.
It's a local SFX show made in Shiomi City.
Orca Bazooka!
They are the so-called "local heroes."

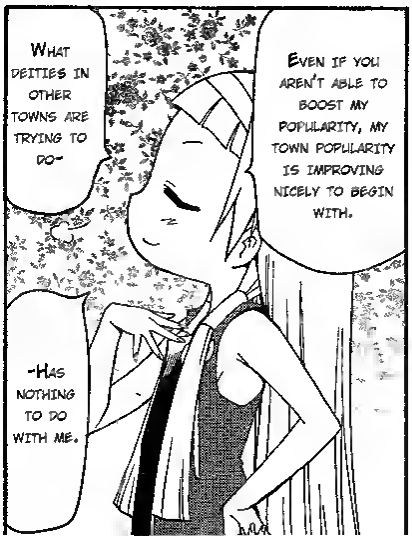
What a show. Very ootomo*.
The Orca Bazooka has been fired~.
While labeling themselves as a "squadron," they created something that appealed to little girls.
Truly clever.
Clever.
Ootomo literally means big friend (childish adult) Note: Is not about Katsuhiro Otomo, best known for his work on Akira
Well after all, I guess it's only popular among such people.
Plus their merchandise sells quite well.
But it seems they get pretty good ratings.
SFX: Pull
SFX: Pull



So I'm thinking to try boosting your town popularity.
I, the little girl character who resembles Nagi-sama, is giving a helping hand.
Ha ha.
.....
What is the meaning of this.

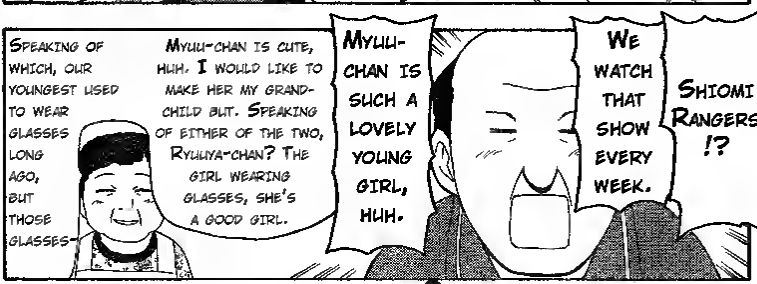
SFX: Woffle

Don't take Myuu-chan's popularity lightly.
The idea that you're going to be able to pick up popularity with your help is presumptuous of you.
...Isn't your position a living mascot.
My, that was harsh.



What deities in other towns are trying to do-
Even if you aren't able to boost my popularity, my town popularity is improving nicely to begin with.
-Has nothing to do with me.

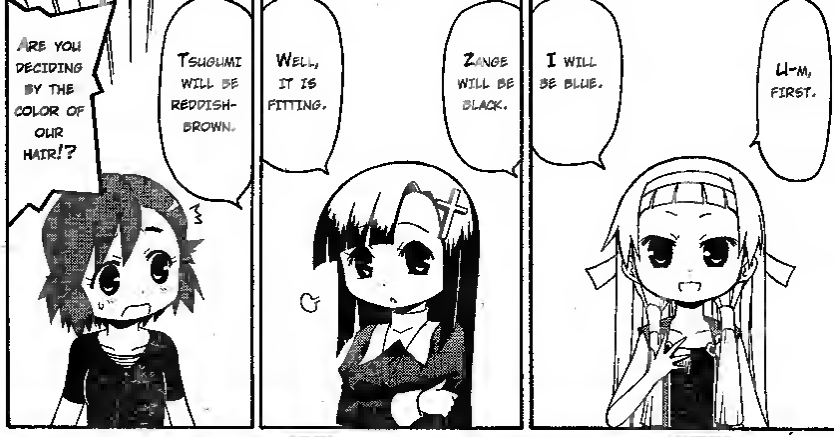
We were just busy playing Shiomi Rangers-.
What is it, weirdo.



Speaking of which, our youngest used to wear glasses long ago, but those glasses-
Myuu-chan is cute, huh. I would like to make her my grand-child but. Speaking of either of the two, Ryuuya-chan? The girl wearing glasses, she's a good girl.
Myuu-chan is such a lovely young girl, huh.
We watch that show every week.
Shiomi Rangers !?

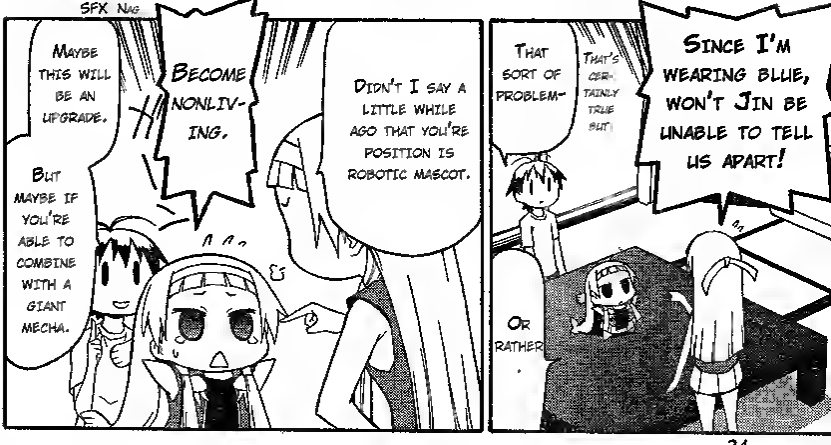
We will also form a squad.
ぽんっ
SFX: Bang...

Just now, she said "We will 'also,'" didn't she.
Don't get me wrong, I am am not influenced in the slightest by what other towns are doing.
By the way, I previously thought of doing this.
Um... What should I do.
Let's decide on the colors of the squad.
We can decide on a name later.
Um- ..... Kannagi ... ? Ubusuna ?
The squad's name ...
Decide on at least a name beforehand.
Didn't you say you previously thought about doing this.
Lately, that flirty little girl has been trying to spread her popularity.
I don't like the idea of partnering up with Nagi but-
I came just because I was called all of a sudden.
Uwa -.
Why are you two members.

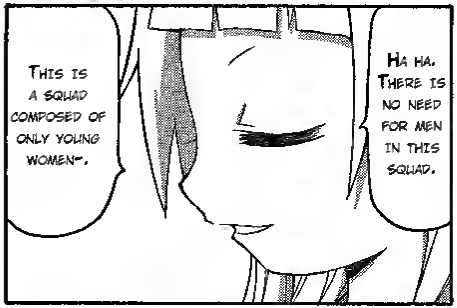


U-m, first.
I will be blue.
Zange will be black.
Well, it is fitting.
Tsugumi will be reddish-brown.
Are you deciding by the color of our hair!?

And I'll be blue.
4 all to-gether-.
Wa it--.

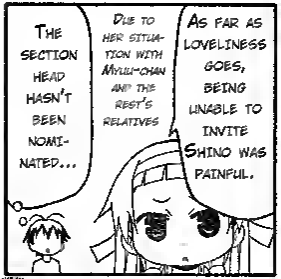


SFX Nag
Maybe this will be an upgrade.
Become nonliv-ing.
Didn't I say a little while ago that you're position is robotic mascot.
But maybe if you're able to combine with a giant mecha.
That sort of problem-
That's cer-tainly true but
Since I'm wearing blue, won't Jin be unable to tell us apart!
Or rather

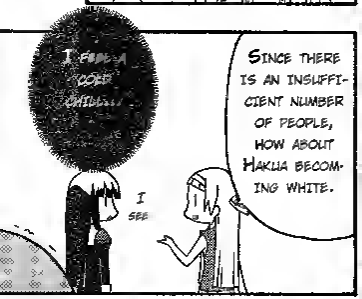


This is a squad composed of only young women~.
Ha ha. There is no need for men in this squad.

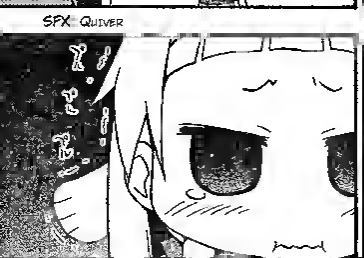
Ah, no, it's not that I want to become a hero as well.
Huh? ...That means there's just 3 people?



The section head hasn't been nominated...
Due to her situation with Miyu-chan and the rest's relatives
As far as loveliness goes, being unable to invite Shino was painful.

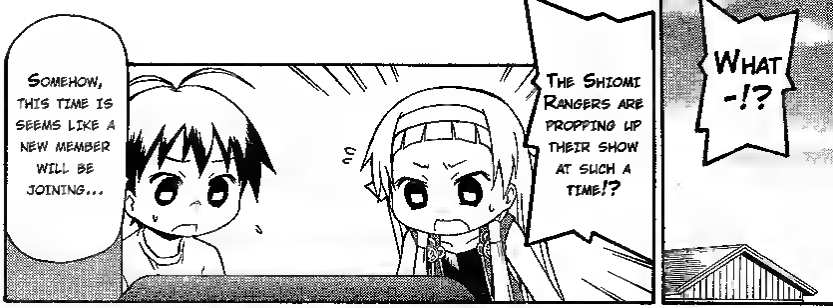


I found a cool child...
I see
Since there is an insufficient number of people, how about Hakua becoming white.



SFX Quiver

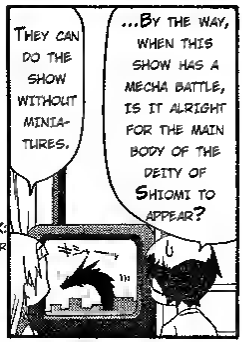
-Is something that will certainly bring back the popularity of men!!
For the time being, these townspeople, with this blue charm-
Which part of that is clever.
M-me too!?



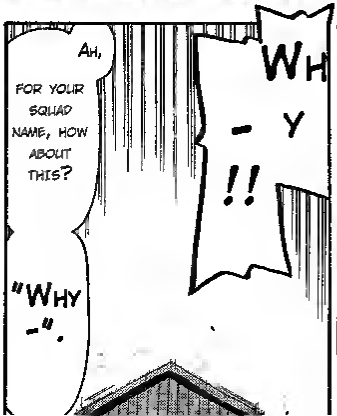
Somehow, this time is seems like a new member will be joining...
The Shiomi Rangers are propping up their show at such a time!?
What -!?

Blue!!
Shiomi

This is our new member -!!



They can do the show without miniatures.
...By the way, when this show has a mecha battle, is it alright for the main body of the deity of Shiomi to appear?
SFX: Roar



Why -!!
Ah, for your squad name, how about this?
"Why -".

The propped up result was this!!

Didn't you change the details somewhat!?
Yeah, because-
the real "Sango" inside this little girl requested in last month's issue that you "Give your support for this child's love with all your might and to take responsibility for her," right.
I don't what's the best thing to do...
Since it is the first time I have felt this way.
But...I am unable to give up Jin.
-I...have an esteem for you Zange-chan and... I love you.

You're very honest with yourself.
I don't dislike kids like you.
Let's discuss in the next room what to do about Jin.
The three of us.
Um ...
What about my intentions ...?
30 minutes later.
Well -
After many consultations, the result is-
We have come to the conclusion that "If Sango sometimes is able to dangle Jin's myouga, she'll be satisfied."
She's after my body!?
I thought this was an atmosphere that came to a good conclusion!!
Isn't that alright though. It's not something that wears out.
If it wears out, then it's a big deal!!
Ah, but please don't hang from it so violently.
Because it might tear off.
SFX: Squeeze.
HEE-
SFX: Whine.

SUCH A SMALL HIGH SCHOOL GIRL STUDENT IS HARD TO BELIEVE.
IF I ASK HAKUA'S FATHER TO HELP ME, I'LL OFFICIALLY BE ABLE TO BECOME A STUDENT.

Even if it isn't as popular as Nagi-sama's and Zange-chan's.
There is a movement to establish a Pachi-tan fan club as a continuation to Nagi-sama's fan club.
Recently, enthusiast popularity has taken off-.

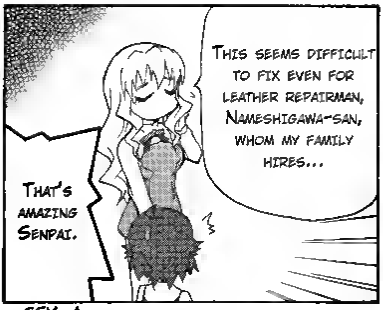
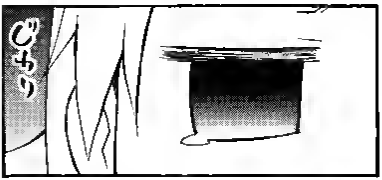
And so I came to discuss it with you.
I tried to smooth them out with an iron but, I made it even worse.
I accidentally made some wrinkles.
And you needed my help for some-thing?

Ak Ib A-!!
Before, the pudding head-ish man said it.
You- have smooth skin for your age.
No doubt that you use some special method and it smooths out your skin.
.....? Why... me?

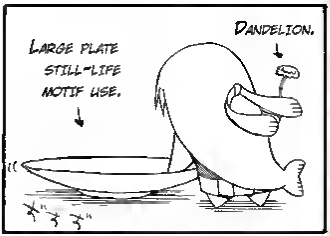
Takako may not look it, but she is a genuine high school girl including her age.
Though she looks like an office lady...
So I might have offended her.
Takako-senpai just furiously ran off.
Did something happen-?
Takako-.
About how to get out wrinkles.
No wonder she's mad.
And what caused the wrinkles?
Huh- Are they not talking about Takako-senpai?
SFX: Tattered state.



SFX: About to cry.



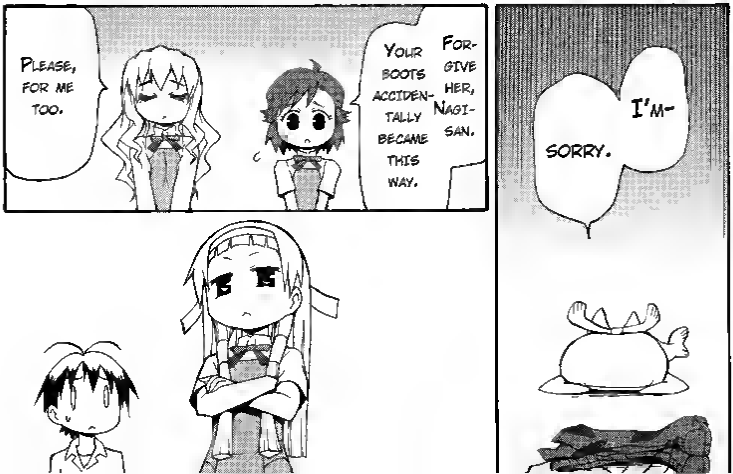
This...is far worse than a wrinkle, huh.
What should we do for something like this.
I tried various things not including the iron.



SFX: Stagger.

If you talk to her, she will forgive you.
Since Nagi-san isn't an ogre, demon, or Ikari no Jushin*.
Because you didn't do it maliciously, right?
I would only like to suppress her wrath...
All that's left is to offer this body up as a sacrifice.
Is it that much of a big deal!?

*Japanese wrestler.



I FOR-GIVE YOU!
AL-RIGHT.
SINCE I'M LE-NIENT.
O-O-O...
SHE AC-KNOWL-EDGED HER OWN CRIME AND APOLO-GIZED WITHOUT MAKING ANY EX-CUSES.
AND THAT'S ENOUGH, RIGHT.
THAT'S GOOD, RIGHT PACHI-SAN
IS THAT OKAY?
HUH? SO EASILY ...?

THE NEXT MORN-ING.
SEE, LIKE THIS.
SFX: SPAR-KLE.
YOUR BOOTS ARE AMAZ-ING-.
THAT'S WHY IF I PUT LEATHER CREAM ON IT AND LEAVE IT OVERNIGHT-
HUH. BUT, THEY'RE ALL TAT-TERED.
DEITY CLOTHES SO TO SPEAK! THEY ARE NOT A POORLY BUILT ITEM THAT FALL APART WITH THIS AMOUNT OF DAMAGE.
THESE BOOTS WERE WHAT I WAS WEARING WHEN I WAS MANI-FESTED.
WH-AT.
WHERE ARE THE OTHER PIECES OF HER OUTFIT?

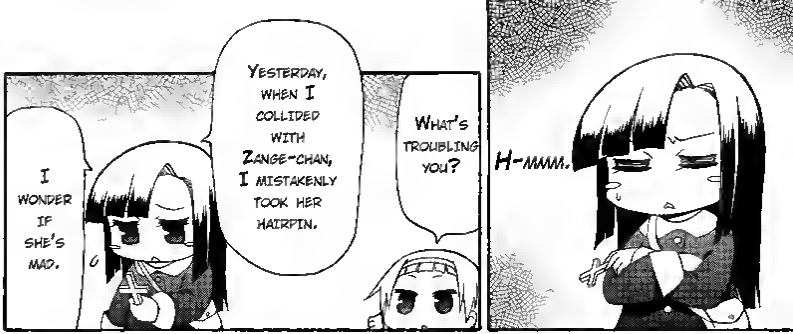
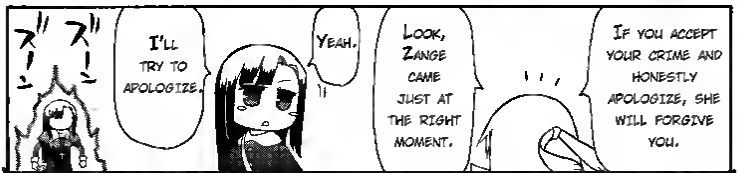
-Damn. What were you trying to do, you runaway stampede little girl.
SFX. Click
T- that hurt, right Lord.
That girl has caused you trouble again...
-Huh?
One more voice...?
Aghh-.
It's me. The coral deity, "Sango."

W- why are you here!?
It seems you switched hair ins the time you collided with each other.
Above all, Zange-chan is the abundant light inside of her...
It's also spacious unlike inside of that girl.
However, This place is cozy.
... Flattery will get you nowhere.
You'll have to return the next time I see her.
Huhh-.

The next day.
Lord, Lord.
Ah... What's wrong, Hakua.
W- We've got a problem, Sanbo is-
Good morning, Zange-chan.
Good morning, Zange-chan.
MULTI-PLY-ING!?
Since I am coral, I continue to multiply from my ability to absorb light that I receive.
But because I'm small, even if I multiply, I won't take up much space...
Is that so?
In that case, I don't particularly mind.
Several hours later.
Aren't you kind of growing as an agglomerated mass!?
Since I am coral, I create a skeleton made of calcareous material and I make colonies from them.
Huh-.
Another several hours later.
When coral colonies grow bigger, coral skeletons will also get bigger and form a coral reef...
Didn't you say that you wouldn't require much space!?
AGHHH.

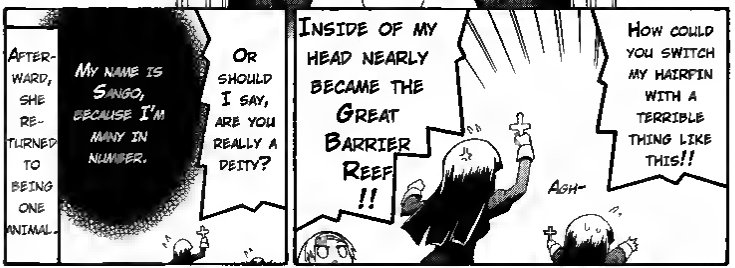


SFX: Walking.



I'll try to apologize.
Yeah.
Look, Zange came just at the right moment.
If you accept your crime and honestly apologize, she will forgive you.

◆Zange is Sango, Sango is Zange.



Afterward, she returned to being one animal.
My name is Sango, because I'm many in number.
Or should I say, are you really a deity?
Inside of my head nearly became the Great Barrier Reef!!
How could you switch my hairpin with a terrible thing like this!!
